

FORTIETH YEAR

BISMARCK, NORTH DAKOTA, TUESDAY, JULY 5, 1921

PRICE FIVE CENTS

**STORM DAMAGES
MUCH PROPERTY
AROUND OAKES****Cyclone Sweeps Through Dis-
trict, Tearing Down Barns
and Removing Roofs****RAINS IN OTHER PARTS****Reports to Weather Bureau Say
That Heat Wave Damage
Not Great**

A terrific storm swept through part of LaMoure county and the northern part of South Dakota Saturday night, according to information reaching here by wire and Soo line trainmen who have come from that section.

Rains in the last three days in other parts of the state have been reported doing great good to crops. Damage from the heat wave of last week was not as widespread as had been feared, according to reports to the weather bureau here.

The cyclone which swept through LaMoure county was particularly severe between Forman and Oakes. It is said. Roofs of houses were blown off and many barns in the country were demolished. Some hail accompanied the storm in one section.

Wires Were Down.

Telegraph wires were down at Oakes Saturday night, delaying the receipt of information about the storm. Receiving reports of considerable damage to the Soo line, Superintendent S. W. Derrick, of this city, went to Oakes, by way of Jamestown. Mr. Derrick wires last night that the roof was blown off an elevator at Oakes; the C. and N. W. had an elevator on their main line at Ludden, south of Oakes; a windmill at Oakes was blown over; the smoke stacks on the engine house were demolished and part of the roof on the Soo engine house, pump house and coal house was blown away. The N. A. creamery lost part of its overhead porch, the mill lost a smokestack, the N. P. lost a wind mill and engine house, and considerable damage to roofs in town and to telephone and electric light wires was done.

Barns Blown Over.

Soo trainmen who came through the district said that they saw many barns blown over. Mr. Derrick wired that a report that an elevator had blown across the Soo tracks at Oakes was incorrect.

The storm strip covered a width of about 17 miles, and was lighter six or seven miles each side of this path. In several instances box cars were blown out on the main railroad line, and trainmen used extraordinary caution in making their first trip through the district after the storm. No one was killed, it is believed.

Where Heat Wave Hurt.

Reports received by O. W. Roberts, weather observer, say that the effects of the heat wave last week are seen in most of Morton county. Burleigh county, western half of Kidder county and northern part of Emmons county, Adams, Hettinger and Stark counties are in good shape, as are counties northwest of the city, he said. There was a big rain on the Ft. Berthold reservation in northern McLean county a few nights ago. There also was rain northeast of the city, which was beneficial in the northern part of Kidder county and around Carrington.

Rainfall in the state since Saturday morning at 7 o'clock follows:

Amelia, .52; Bismarck, .01; Devils Lake, .36; Dickinson, .22; Dunn Center, .16; Ellendale, .25; Grand Forks, .58; Larimore, .63; Lisbon, 1.25; Napoleon, .58; Pembina, .33; Williston, 1.02; Moorhead, .30; Minot, none; Bottineau none; Wahpeton, 2.20; Langdon, .37.

Receive Hail Claims

Approximately one thousand hail claims were received in mails by the state hail insurance department today. Most of them, it was said, came from vicinity of New Rockford, Sheyenne and Oxborn. Reports were received of a small hail storm in Benson county, some hail around Fredonia in McIntosh county, some hail in McIntosh county and there were "straggling" claims from other counties west of the Missouri river.

At the close of business Saturday there had been 3,454 hail claims reported thus far this year. It was stated that this number is about the same as last year and that reports did not indicate any abnormal damage from hail.

Bad at Aberdeen

Aberdeen, S. D., July 5.—A tornado causing approximately \$350,000 loss in this section of the state, and loss of one life at Frederick, S. D., where damage was estimated at \$100,000, struck this city at 8:45 P. M. Saturday. Buildings were demolished, railroad traffic delayed and telephone and telegraph lines virtually demoralized. The damage here is estimated at \$50,000. Other districts of the state in the vicinity of Redfield, Tulare, Frankfort, Mansfield, Metairie, Ashton, and Warner suffered much damage.

Gwinner Has Big Loss

Gwinner, N. D., July 4.—Saturday's tornado is estimated to have caused a loss of \$100,000 in this section. Barns, outbuildings, telephone and telegraph lines were razed and crops damaged by high wind and rain.

DEATH CAUSED BY PARALYSIS.

Mrs. I. S. Maxwell, one of the best known residents of Wilton passed away at her home following a stroke of paralysis which she suffered last Thursday. Mrs. Maxwell was 60 years old, but has been in poor health for the last ten years. She is survived by her husband and four children. The funeral was held from the Maxwell home. Interment was in the Fairview cemetery.

**"DIDN'T PUT IT OVER," SAYS CARL
WANDERER, OF INSANITY PLEA**

Chicago, July 5.—Carl Wanderer, 29, sentenced to be hanged July 29 subsequent to being found sane by a jury after his conviction for killing his wife, her unborn child and a "ragged stranger" is not discouraged and has not hard feelings toward the jury.

"Well, I didn't put it over; it is just as I expected," William B. Holden, assistant county jailer, said Wanderer told him today.

"The only reason we tried the insanity dodge was to get more time. I'll have a little longer to live than otherwise. I'm not crazy and I have no complaint to make against the jury."

**CELEBRATION
AT THE FORT
A BIG SUCCESS****Over \$1,000 is Realized for St. Mary's School at Outing Monday**

Officials of the Knights of Columbus are busy today, checking up the results of the big celebration at Fort Lincoln on July 4. It is estimated that between \$1,000 and \$1,500 was realized, all of which is to go to the fund for the new addition to St. Mary's school.

The celebration lasted from early in the day until early this morning. The patriotic program, races, ball game, broncho-busting, and dancing proved enjoyable to the large crowds. Over 2,000 people visited the grounds during the day.

Charles Keisch, of Mandan delivered a patriotic address in the early afternoon exercise. P. G. Harrington read the Declaration of Independence. Community singing was in charge of Mrs. Arthur J. Bauer.

The Knights of Columbus baseball club defeated the Lion's club team 5 to 4, in a six inning contest that was really a ball game. It was played in just one hour, with Bill Andler, of the Bismarck team, umpiring and keeping the players on the move.

E. H. Weber pitcher for the Lion's club, and struck out 7 men, while Bob Loubek twirled for the K. C. team and fanned 11. Harry Woodmansee proved he is still a hard hitter, making two home runs. George Finnegan also got two homers.

Lewis Carufel was credited with an error at first for letting Finnegan's drive go through his legs but the error was erased when he showed originally by sending a boy after the ball.

The lineup:

K. C.—	McQuillan	1st
Finnegan	2nd	
Loubek	3rd	
Cayou	4th	
Kupitz	5th	
Bauer	6th	
Smith	7th	
Arndt	8th	
Gelermann	9th	

Lions—	Stegner	1st
Purdon	2nd	
Furdon	3rd	
Woodmansee	4th	
Olson	5th	
Fence	6th	
Weber	7th	
Dahlheimer	8th	
Carufel	9th	
Brown	10th	

**NO ACCIDENTS
MAR THE FOURTH****Youth Arrested on Charge of
Throwing Firecracker
in Car**

No serious accident marred the Fourth of July celebrations in and around Bismarck, according to information obtained in a canvass of hospitals and physicians' offices. At Solen, N. D., a rider was killed in a fall from a horse during races, according to reports received here.

Erwin Coleman, a young man, was arrested on a complaint filed by M. R. Adler, who charged that he threw a fire cracker in his automobile which exploded, burning Adler's coat. The complaint charged disorderly conduct. He is before Police Magistrate Cashman tonight.

Frank Barnes, arrested by the police on a vagrancy charge, was given 20 days in jail. He was peddling I. W. W. literature, police said. Three persons were arrested on charges of being drunk and disorderly.

**C. EISNAGEL
KILLS HIMSELF**

Charles Eishagel killed himself here yesterday morning with a shotgun. Mr. Eishagel, who was a cripple, had been ill for a long time. He was between 40 and 50 years of age. A coroner's jury which reported this afternoon found it a case of suicide. He left home saying he was going out to hunt. His body was found on the prairie this morning. He leaves a family.

**BOND SELLING
DAY IS NAMED**

Governor Frazier, in a proclamation, has set Saturday, July 23, as bond selling day in North Dakota. He urges "that every public-spirited citizen buy as many of the bonds as possible and assist in promoting the sale in others."

**Issue Call For
Bank Statements**

Washington, July 5.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business Thursday, June 30.

**RAIL LEADERS
CONTINUE TALK
ON WAGE AWARD****Strike Talk Dies Out as Their
Conferences on Subject
Continue**

Chicago, July 5.—Railway union leaders went into session on the fifth day of their conference over the wage cut which went into effect July 1 with prospects of winding up the meeting tonight.

"There is no essential disagreement and all that remains to settle the phraseology of our action," Dan Corrigan, vice grand chief and veteran officer of the Brotherhood of Locomotive Engineers, said.

A meeting of the chief executive of all the organizations gathered here has been called for this evening when the final program is expected to be acted upon. The program would then be submitted to the organization to receive their formal approval.

As the session dragged out strike talk had practically disappeared and a conciliatory attitude was expected when the final action is made public.

**SEND WARSHIPS
TO MEXICO TO
PROTECT U. S.****Unemployment in Oil Fields
Gives Rise to Serious
Situation**

Washington, July 5.—The cruiser Cleveland and the gunboat Sacramento have been ordered to Tampico, Mexico, to protect American interests in the event that they are jeopardized because of labor troubles growing out of the unemployment situation. It was said today at the navy department.

It was explained that unemployment had been constantly increasing in and around Tampico because of depression in the oil industry there due to the new tax system and that incipient riots and increasing labor troubles have resulted in a decision to send the two warships to the Mexican port.

It was said, however, that the vessels would take no action unless serious situation arose.

**SEE PRESIDENT
ON JUDGESHIP****Committee of Bar Association
Lawyers Make Report**

(Special to The Tribune.)

Minot, July 5.—John E. Greene of Minot, secretary of the State Bar Association has just returned from Washington, where he went as one of a delegation from this state to confer with our senators and congressmen and the Department of Justice on the subject of the additional judge for this federal district. Interviewed today Mr. Greene said:

"The administration has made an auspicious beginning in the matter of judicial appointments by naming Mr. Taft for Chief Justice of the U. S. Supreme Court. The appointment of an additional judge for the District of North Dakota will probably be the first one of that class. The administration recognizes the unusual importance of this appointment to our own state and to other states to which our new judge may be called for the performance of judicial duties."

"We are assured by the department of justice that in its recommendations for appointments to the federal district and circuit benches it will in all instances put forth its best efforts to secure judges having the highest standing as men and lawyers, and who, as judges, will command the respect not only of the bar but of the whole people. It will take such time and employ such means as may be necessary and proper for the attainment of that end."

In the party were Judge N. C. Young, B. F. Spalding and R. S. Lewis, of Fargo, and Mr. Greene.

**RAINS SAVE
NEB. CORN CROP**

Norfolk, Neb. July 5.—A two-day rain which extended to virtually all portions of northern Nebraska and southern South Dakota was hailed today as having "saved the corn crop."

**FRENCH OFFICER
KILLED DURING
GERMAN RIOTING****Shot from Behind at Beuthen,
Upper Silesia, Say French
Reports****CROWD SINGING SONGS****German Version Says French
Soldiers Made Attack
on People**

Paris, July 5.—(By the Associated Press.)—The killing of Major Montalies of the French army during hostile demonstration by the German population at Beuthen, Upper Silesia, reported in foreign office advices has created a most painful impression in French official circles. It was indicated today.

The major was shot from behind by someone in a crowd, the report declared.

When British troops arrived the foreign advices say, they were obliged to fire in order to disperse the crowd and some of the demonstrators were killed and others wounded.

VERSION OF TROUBLE.

Berlin, July 5.—The version of the trouble at Beuthen, Upper Silesia, given by the Allgemeine Zeitung declares the people of Beuthen began acclaiming the allies upon the Polish withdrawal but that when the inhabitants started to sing patriotic songs the French attacked them with rifle butts. Some shots were fired, the account continues, a major being killed and several Frenchmen wounded, whereupon the French lost control with the result that several women and children were killed.

**STEEL ARRIVES
FOR NEW BRIDGE****American Bridge Company
Sends Great Quantities**

Several carloads of steel have arrived here for use by the American Bridge company in building the superstructure of the Missouri river vehicular bridge.

The bridge company is preparing to begin the driving of piling for a new temporary bridge across the river. Constructed of piling and false work it will be the same height as the floor of the new bridge, about 70 feet above water, and will be used in laying the steel spans.

The Foundation Company has finished all four piers. Part of the false work is yet to be removed. It also has finished the approach on the east side of the river, except for a brick guard rail on the approach. The last concrete was laid about three days ago and must set 21 days before the falsework is removed. Work is progressing on the approaches on the west side of the river.

It is not now anticipated that the bridge will be finished this year.

**CABINET QUILTS
SPANISH RULE****Madrid, July 5.—The cabinet of
Premier Alenbatalayer resigned today.****FACTS FOR THE
CITY TAX PAYERS**

In addition to a bonded indebtedness of more than \$1,000,000, Bismarck has registered warrants in the amount of \$62,000 unpaid for lack of funds. This is important news for the voters of the city in view of the proposed bond election July 26 for \$30,000.

Usually a city which cannot meet its current obligations due largely to the nonpayment of taxes and partially to heavy overhead cost of city government, begins a program of economy and retrenchment until tax payments begin to liquidate current obligations at least.

The following warrants have been issued and listed upon which the taxpayers are paying interest charges:

General Fund	\$24,000
Road & Street Fund	2,000
Sewer Fund	14,000
Paving Dist. No. 1	5,000
Paving Dist. No. 2	17,000
Total	\$62,000

These facts are being presented to the voters that they might know the situation and be able to vote intelligently. A city that at present is behind \$62,000 on its current bills may be wise in bonding for \$30,000 more, but The Tribune believes that those who are paying the freight think differently.

**EIGHT DIE, MANY ARE INJURED
WHEN GREAT OIL TANKS EXPLODE**

Chicago, July 5.—Eight men are dead and many injured, ten so seriously that they may die, and property damage unofficially estimated at \$2,000,000 as a result of yesterday's explosion in the Standard Oil company's refining plant at Whiting, Indiana.

Two huge steel stills burst. The brick walls enclosing them crumbled and a sheet of burning oil and gas spread for a radius of 200 yards, trapping the night force.

Expansion of the walls or a tiny leak of gas were the two probable causes of the explosion advanced by those familiar with the operation of the stills which are filled with crude oil under pressure in the refining process.

**PUBLIC FUNERAL
FOR ONE OF THE
FIRST U. S. DEAD**

Pittsburgh, Pa., July 5.—Plans were started today for a great public and military funeral for Thomas Enright, of Pittsburgh, one of the first three American soldiers killed in France during the world war. The date for the funeral has not been set as the body is still aboard an army transport at Hoboken.

**BALL PLAYERS
TRIAL NEARING****Motion to Quash Indictment is
Made in Chicago Case**

Chicago, July 5.—Judge Hugo Friend today overruled a motion to quash the general conspiracy indictment against 11 former baseball players and alleged gamblers in connection with the 1919 world series scandal.

Chicago, July 5.—Unless Judge Friend in criminal court today rules in favor of Attorney Berger's motion to quash the indictment against those involved in the actual trial of the 1919 world series scandal case will start today with the selection of a jury from a special venire of 100 men which will probably take the greater part of two weeks owing to the wide publicity given the case.

Should the court rule favorably on the motion to quash the state will be forced to discard the main indictment charging conspiracy on twelve points and take up some of the indictments for minor charges.

The defendants, who, actually will be on trial if the case goes before a jury are: Eddie Cicotte, Claude Williams, Arnold Gandil, "Swede" Risberg, Joe Jackson, Oscar Feltch, Dick Dork, Ben Levi, Lewis Levi, David Celsar and Buck Weaver.

**PLANNED STORE
ROBBERY, CLAIM****Raymond Remlinger is Sentenced
in District Court**

When Judge Nuessele was preparing to pass sentence on Raymond Remlinger on drawing a dangerous weapon in district court late Saturday afternoon State's Attorney McCurdy said that one of the women with Remlinger confessed to the police that an attempt was to be made to rob some jewelry store here on the night they were arrested. They also had an automobile "spotted" to steal she told the police, McCurdy said.

Remlinger was given 30 days in jail. He and his brother are to be held on federal charges for violation of the Mann act. The two women who came to the city are held as witnesses by the government.

One of the women, according to word received by the police, is wanted in Minneapolis for grand larceny. Judge Nuessele disposed of a number of cases Saturday afternoon, the result of which was published Saturday. The sentence of Anton Oberg, on a liquor charge, will not begin until November 1. Oberg has a crop out, Judge Nuessele said he didn't know whether or not the action was exactly according to law but he would give the man a chance to harvest his crop. He is unmarried.

**INSTRUCTIONS
IN ACCOUNTING
WILL BE GIVEN**

Agricultural College, N. D., July 5.—Rural high school teachers of North Dakota will be given instruction in farm accounts at the summer schools this summer as a result of arrangements made by Mrs. Minnie J. Nielson, State Superintendent of Education, with Rex E. Willard, Farm Management Specialist of the North Dakota Experiment Station.

Announcement was made a short time ago that a course in farm accounts will be offered in all of the rural high schools of the state beginning next fall. Mr. Willard will spend two days at each of the summer schools in the state, giving the teachers instruction in the course. These summer schools will be held at Ellendale, Valley City, Dickinson, Minot, Bottineau, Mayville, North Dakota University at Grand Forks and at the Agricultural College.

Here on Business.

C. L. Malone of Regan was in the city on business today.

On Business Trip.

E. G. Warner left the Fargo this afternoon where he was transacting business.

The modern paper clip was used in ancient times by Roman soldiers to fasten sheets of cloth together.

**GENERAL SMUTS
IN IRELAND TO
ATTEMPT PEACE****London Newspapers Feature
Sending of South African
to Dublin****REACHES IRISH CAPITAL****Decision to Send Him to Ireland
Follows Conference in
London**

London, July 5.—General Jan Christian Smuts, premier of the Union of South Africa, left for Ireland last night and was expected to arrive in Dublin today. It was understood here this morning that the purpose of his visit to Ireland was to confer with Sinn Fein and Unionist leaders about Ireland preliminary to the resumption of their conferences next Friday.

The Dublin conference was the outstanding feature in London newspapers this morning, nearly all treating it sympathetically and expressing hope that it would lead to peace in Ireland.

GUEST OF LORD MAYOR.

Dublin, July 5.—(By the Associated Press.)—General Jan Christian Smuts, the South African premier, arrived in Dublin this morning and is the guest of the Lord Mayor here.

**SHERIFF KILLS
"LOCOED" NEGRO****Fires Three Shots Into Body In
Crowded Courtroom**

Vicksburg, Miss., July 5.—George Deal, negro, under indictment for killing his brother-in-law, was shot to death in his court room last night by Sheriff Shannon when Deal tried to get a revolver from the hands of a deputy. Court was in session and the judge had just postponed decision on the date of Deal's trial when the negro rose and snatched a deputy's gun from a table. The deputy grappled with him. Seeing that lives of those nearby were in danger the sheriff fired three shots into the negro's back and killed him.

**TEMPERATURE
ABOVE NORMAL****Weather Bureau Report Reviews
Month of June**

The June temperature was 7 degrees above normal. It is shown in the monthly meteorological summary issued by the weather bureau here. There was a liberal amount of sunshine all month, the percentage of possible sunshine being 72, or 11 percent above normal.

The highest temperature of the month was 90° on June 30 and the lowest was 43, on June 4. The greatest daily range was 42, on the 11th of the month. The least daily range was on June 2, when the temperature varied but 12 degrees in 24 hours.

The amount of rainfall during June was .032, as compared to 2.05 last year, .63 the previous year and .539 in 1918. A deficiency as compared to normal of 2.62 was shown.

**33 YEARS MAKE
MINSTREL SHOW
MORE POPULAR**

The unending popularity of the Famous Georgia Minstrels who are scheduled for an appearance here at the auditorium on July 6 is one of the wonders of stageland. Whatever the secret of its magic success, it is a positive and self-evident fact. Now in its thirty-third year of its career, it throngs the theaters from Maine to California and from Winnipeg to New Orleans in a manner that is truly marvelous. Always kept up to a high degree of excellence, one is always sure of an up-to-the-minute and satisfying performance.

**CORNERSTONE
OF NEW NORMAL
BUILDING LAID**

Dickinson, N. D., July 5.—With impressive exercises Stuckney hall, the first unit of the Dickinson State Normal school on the site given by the city and county on the sloping knoll facing Dickinson from the west, was consecrated last week by the laying of the cornerstone. Dr. V. H. Stuckney, pioneer physician of the Stope and resident of the city, spread the mortar and laid the stone on the building that is to bear his name.

Hundreds of people had gathered at the Normal site and the students of the summer school were present in a body when the exercises opened with a selection by the Dickinson band. A. J. Torney, W. F. Burnett presided.

TO RUN ANOTHER YEAR.

London, July 5.—Great Britain has vowed Japan that owing to the decision of Lord Birkenhead, the anti-chamberlain, the Anglo-Japanese treaty will automatically run for another year.

BIG BASEBALL GAMES WITH MANDAN ON HOLIDAY CARD

Bismarck Plays at Mandan Sunday and Mandan Plays Here July 4

Baseball will be the chief sport of Bismarck and Mandan on July 3 and 4

Sunday afternoon Bismarck plays at Mandan and on Monday Mandan plays at Bismarck. Bismarck has already beaten Mandan four times this year, and the Mandan team is out to change the standing. In addition to players recently signed up she has some Slope county players to pick from.

Bismarck fans are beginning to talk of a special train to go to Linton a week from Sunday when Bismarck and Mobridge, S. D., meet in what may be the biggest baseball contest of the season. Mobridge has a fine team and it has been reported here that she has signed a former American League star to pitch the game for her. Mobridge is expected to send a special train to Linton, and Linton people say there will be people in to see the game from a radius of 100 miles. A crowd of 2,500 is expected to see the contest.

Bismarck won from Hazelton here last evening in an easy game, 16 to 2. Coble pitching the first five innings for Bismarck. Hazelton got 9 hits off him, and he had six strikeouts. Swartz pitched the last four, holding Hazelton to three hits and having four strikeouts. Christensen pitched for Hazelton, and his bad support at times gave Bismarck batters plenty of chances to hit. The score by innings: Hazelton . . . 000 3000 000— 3 10 5 Bismarck . . . 134 340 01x—16 15 2

BLOCK RECESSES

Washington, June 2.—Plans of senate leaders to begin a series of three day recesses next week were disrupted by advocates of soldier bonus, maternity and agricultural relief bills.

KEEP BATTERY PLATES COVERED

A Little Care Will Save Trouble and Expense

"Serious damage can easily result if the motorist is not careful to keep the plates in his battery fully covered with the electrolyte (water and acid) at all times," says the manager of Lahr Motor Sales Co. garage in making a few suggestions for the care of batteries.

"This is especially important to remember in warm weather when the evaporation is much more rapid than in winter. As the plates become exposed to the air, a layer of lead sulphate is formed on their surfaces clogging the pores and retarding the flow of current. When this happens the battery can often be saved by giving it a long slow charge which will dissolve the sulphate of lead. But if this remedy is delayed for a long time the sulphation will become so heavy that it is likely to ruin the battery. This coating of sulphate is the reason that it sometimes takes four or five days to charge a battery properly."

"By being careful to keep the battery full of distilled water at all times this trouble may be avoided. We are always glad to inspect your battery no matter what make it is and to fill it with distilled water as often as necessary. Especially during the summer will it pay the motorist to have his battery inspected frequently."

HUDSON OWNERS ARE LOYAL

"We are constantly reminded of the forces old Hudsons exert in creating new sales," says R. B. Loubek, local Hudson-Essex dealer.

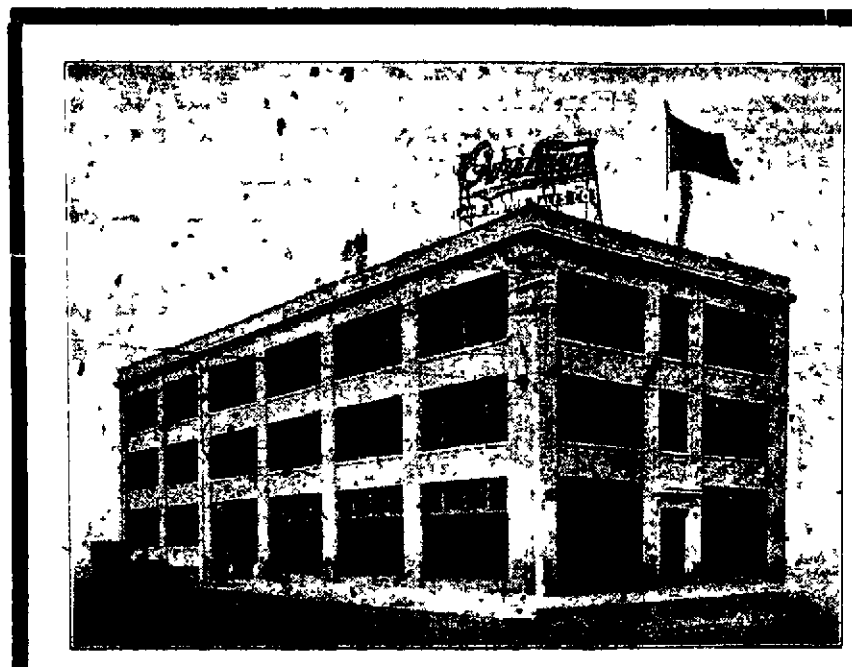

"And it always brings a sense of gratification to know we can invite judgment of the newest Super-Six by the way the oldest performs today. Of course an important proportion of Super-Six sales are repeat orders. But more interesting is the surprising number of new Hudson buyers who gained their respect for Hudson through the ownership of a used Super-Six."

"They have seen in these older cars of three, four and five years' service, the sort of satisfaction they can look forward to in their new cars."

"They have learned that even after years, the Super-Six will go on daily meeting exceptional calls for power, acceleration and speed, with an ease and absence of strain that admits no concern of its accomplishment."

USED CAR MARKET BAROMETER OF SALES

"The healthy and active situation of the used car market of today serves as a sort of business barometer by which

treator, Ill., July 2.—Firing point-blank at a supposed burglar, Daniel Kennedy, of Wenona, turned on the

"Seldom before has the business of buying and selling used automobiles been in such a favorable position, both from the standpoint of the buyer and the seller. But the whole framework of used car values, and the satisfaction of the purchaser must be upheld by the rigid and unswerving honesty of used car dealers, if that merchant hopes to hold his rightful and proper place in the automobile industry."

Soon Sold.
"Perhaps the most salient indication of the firm foundation upon which the automobile industry sits today is the heavy demand for used Dodge Brothers' Motor cars and other lines. Automobiles, especially Dodge Brothers' cars, stay on our salesroom floors but a very short time, in fact they are hardly taken in before they are resold. In a great measure this is due to the high re-sale value which renders the purchase of a new or second-hand Dodge Brothers' car more of an investment than anything else."

Before slavery was abolished in the United States, 18,000 slaves had negro masters.

IGNITION EXPERTS

Tracing down your trouble, correcting it, whether in generator, wiring, plugs, distributor, etc., is only a routine matter—we know how.

Get service satisfaction by having us handle your work—it's real economy.

Electric Service & Tire Co.
215 Main Street

1909 Twelve Years of 1921

Service
THAT'S OUR MIDDLE NAME

Thru twelve years of "learning" we, of course, still have a lot to learn. However, those twelve years of experience have taught us many things that mean economy and satisfaction to our patrons, and that only twelve years of experience could teach us.

Each year we have added machinery and special tool equipment. Each year we have improved our method of keeping on jobs, or learned what automobile owners expect, and how to better serve them. And during most of these twelve years the members of our organization have been "learning," for we have men who have been with us nearly that long, and practically our entire organization is permanent.

Are you taking advantage of our facilities,—of our experience,—of our desire to please you? There is nothing about an automobile that we cannot care for, and we guarantee satisfaction. Can you afford not to give this your serious consideration?

If you are going to buy an automobile, these same points should have your best consideration, for you want to own a car backed by the best, most economical service you can get. Don't you?

3 Good Rules Read 'Em!

Our recipe for side-stepping battery trouble when your present battery dies is surprisingly simple, but 100% effective; 1—Buy a Willard Threaded Rubber Battery; 2—Treat it fairly; 3—Let us help you take care of it.

Come in whether you think there is anything the matter with your battery or not. We may be able to save you loss of time and money.

A Car That Never Wears Out

Of course, that can not be literally true. But because of the ease with which adjustments can be made and replacements installed, the Hudson Super-Six has virtually a perpetual life.

Hudson Super-Six

No Super-Six seems ever to have become wholly disabled through wear. In fact, in various parts of the country men make a business of buying up old Hudsons and restoring them. You would be surprised at the slight cost necessary to put a Super-Six in good condition. No special skill not found in the average repair shop is required.

And the fact that Hudson body lines have been so consistently expressive of good taste, makes them acceptable when more extreme types have become "Old Fashioned."

Because of these facts you will find Hudsons six years old that are nearing a hundred thousand miles of service.

Bismarck Takes Long End of Sunday and Monday Baseball Games

ADAMS JOINS MANDAN

Two victories were chalked up against the Mandan club by Bismarck's baseball team on Sunday and on Monday, the Sunday score at Mandan being 9 to 1, and the Monday game resulting 5 to 1. Notwithstanding the disparity of the scores there was some excellent baseball in both games.

Sunday's game started out as a pitcher's duel between Taylor and Dorfler and it continued to be that until the sixth inning when Dorfler's support cracked. Monday's game was scoreless except in three innings. Mandan scored one run, Bismarck four in one inning and one in another. Adams, Lisbon pitcher, who joins Mandan after Lisbon's club broke up Saturday, was on the mound for the visitors.

Sunday's Game
Bismarck came near scoring in the first inning in Mandan Sunday. Swartz flew out to left. Andler dropped a Texas leaguer in left. Coble fouled out. Collins singled to right. Andler going to third. Collins stole. Nichols was called out on strikes. In the second inning McGovern, in left field, robbed Miller Anderson of a home run by a running one-hand catch. Tobin singled in the first inning for Mandan's first hit but couldn't get around.

Hits Homer
Dorfler cracked the ice in the third inning when he connected with one of Taylor's offerings for a home run in left field. In the fifth Miller Anderson completed the circuit for Bismarck on his terrific drive into right center, abetted by a fumble by McGovern on the relay.

In the sixth inning Collings singled through the box. Nicholas sacrificed. Collins took third on a wild pitch and scored on McGovern's error on Ellis fly. Harper hit safely to center. On a double steal by Ellis and Harper catcher Roberts threw wild to third and Ellis scored. Anderson and Taylor went out.

In the seventh Andler walked and scored on Coble's two-base drive. Coble taking third on the throw-in. Collins and Coble worked the squeeze play. Coble scoring. Nicholas hit safely to left, took second on an error by Roberts and scored on Ellis' single. In the eighth Gessner muffed Andler's grounder. He got to third and scored on a wild pitch. Ellis again scored. Nichols after the latter got a three-bagger and Harper's three-base hit scored Ellis.

Let's 'em Out
After Bismarck took the lead in the sixth Manager Joe Collins let his team out and the boys showed some daring base running which entertained the crowd and added to the score. A fine catch by LaTours of Swartz's liner, and a fine stop by Taylor were fielding features.

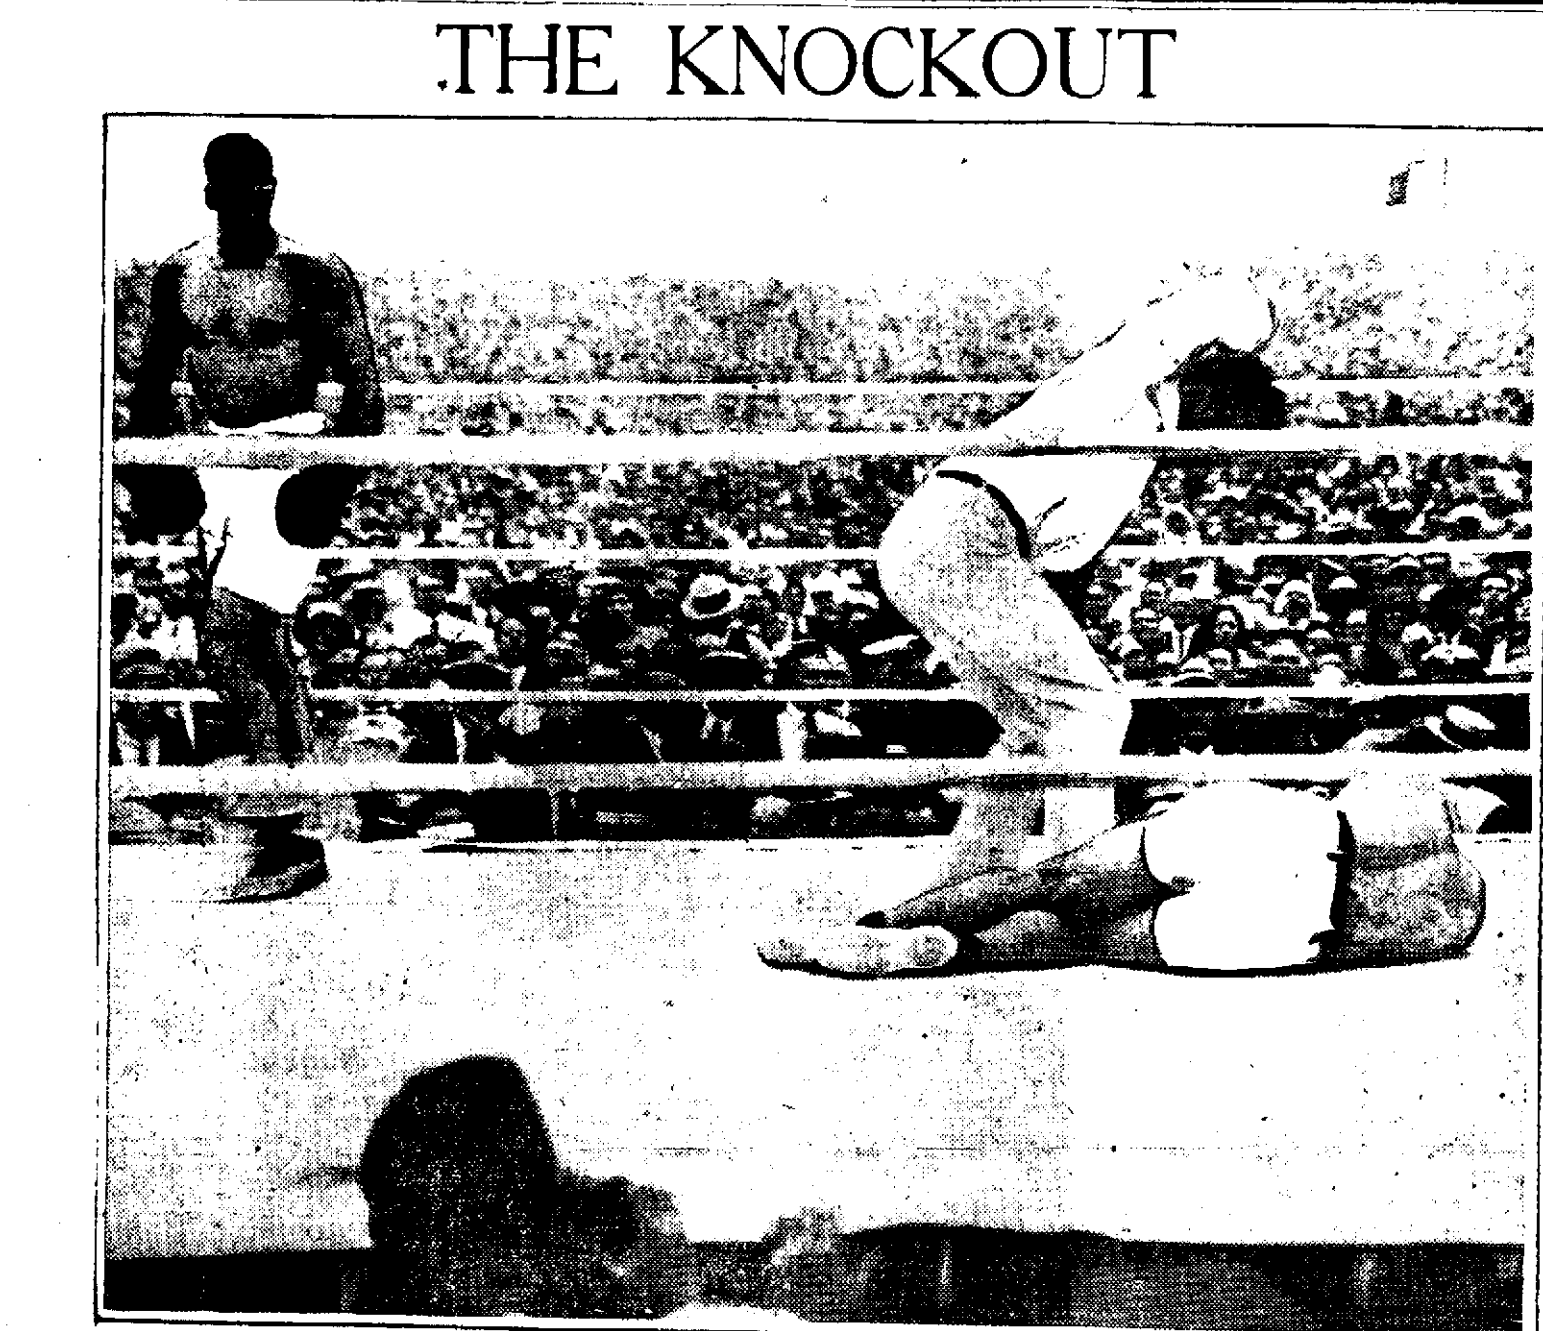

Monday's Game
Bismarck scored in the second inning here yesterday. Nichols flew to left but Ellis cracked one safely. He got to second when LaTours dropped a throw to catch him stealing. Harper walked. Miller Anderson scored Ellis with a clean single to center.

Mandan scored in the fourth. Tobin singled down the left side of the diamond. Roberts forced him, Andler to Harper. McGovern walked. Roy Seibert, of Stanton, catching for Mandan, singled to center, scoring Roberts. McGovern was called second on the return. Collins hit Gessner got to first on an error, but Russell went out. Higgins to Andler.

In the fifth inning Higgins apparently got warmed up, and struck out Adams. LaTours and Higge. LaTours kicked on the umpiring.

In the fifth Swartz was safe on an error. Andler walked. The two advanced on a wild pitch. Coble hit safely to left for two bases, scoring both of them. Collins singled, scoring Coble. Nichols clouted one for three bags, scoring Collins.

Bill Nichols, Bismarck's new second baseman, contributed the fielding feat-

This time Georges Carpentier was down—and out. Once before he had staggered to his feet after a count of nine. Here is shown the second—and final—knockdown. As Referee Harry Ertle tolled off the count, Carpentier made a jerky, convulsive

movement as if to arise; but his weakened frame was unequal to the effort; he sank back and rolled over on his side—finished. Dempsey is shown at the other side of the ring watching the referee's arm come down with the count of ten.

THE KNOCKOUT

DEMPSEY MAY MEET WILLARD ON LABOR DAY

Willing to Make the Match with Former Champion, Says His Manager

GEORGES STILL SMILES

Jersey City, N. J., July 5.—"Somebody is going to be arrested on account of the Dempsey-Carpentier bout," Dr. Wilbur F. Craft, superintendent of the International Reform Bureau, said today after a conference with officials of the organization. He would not say who it would be, but declared a test case would be brought before the end of the week to determine whether the bout was illegal.

He reaffirmed previous announcement that he would seek impeachment of Governor Edwards and other state officials who witnessed the fight.

(By Associated Press.)
New York, July 5.—Jack Dempsey is ready to fight Jess Willard and any time the fight can be arranged, Jack Kearns, his manager, announced here.

The champion is going west for a good vacation in a few days and after that, Kearns said, he will be ready to fight any one who presents himself with the proper credentials.

Dempsey won in the fourth round according to schedule. Teddy Hayes, his trainer, declared. "We counted on a knockout in the fourth round, and it all came out just as we had hoped it. We knew that Dempsey was too strong and too heavy for Carpentier, and while we wanted him to win as soon as possible we did not want him to rush the issue or take any chances."

"After all, Dempsey had the world's heavyweight title at stake, and you know that many a champion who took chances and got careless was whipped by a much inferior boxer. Carpentier proved no better and no worse a fighter than we had expected. We knew that he was game and that he had a fairly hard right, and that's about all we had to take into consideration. We did not fear his speed or his cleverness."

Wants other Matches
Manhasset, N. Y., July 5.—Georges Carpentier will not retire from the ring as a result of his defeat by Dempsey. He will fight any man in the world, excepting the champion who he admits is his superior. This statement was made by Francois Descamps, the Frenchman's manager.

"I'll admit, too," added Descamps, "that Jack Dempsey is the greatest heavyweight who ever lived. But I'll claim that my Georges comes next. Dempsey was too heavy and too powerful for Georges. He will not seek a return match. What we want now is a challenger for the world's lightweight title, which Georges holds by virtue of the victory over Levinsky."

Georges' Hand Mending
The broken bone in Georges' right hand was set and he said it felt much better, although it was still swollen and inflamed. The only other mark of any consequence is a cut under his left eye, about two inches in length. The physician said it would be healed in several days. Georges said he was very tired and that he would rest for four or five days. He

Owner and Proprietor.

"That Measure Will Strengthen Us. It Will Give Us Character Abroad."

So, we are told, John Adams argued for the Declaration of Independence. And the years that lie between the Declaration and his 145th Anniversary of its signing have seen the proof of his wisdom. The same arguments apply to the maintenance of a bank account. For proof of this see the people who have used the right kind of banking connection to establish their credit and their financial strength. An account here leads to financial independence and strengthens your credit—which is your financial character.

THE STATE'S OLDEST NEWSPAPER
(Established 1873)

SAVED
The Missouri legislature passed an unpopular law. Petitions were circulated to suspend it. As the final hour for filing the papers at the capital drew near, it was discovered that 56 signatures were lacking in a county. An amateur aviator came to the rescue. He flew 350 miles, got the signatures and had them on file before the time limit expired. This story is a good one to tell those who scoff at romance, saying, "But things like that only happen in the movies."

Shaw wants people to live 1000 years. Some married folks do.

SERVICE
John H. Walker, delegate to the A. F. of L. convention, says: "The time has arrived when coal must be mined for service and not for profit." In other words, Walker believes that this one of the earth's natural resources should be so used, that it would do the maximum of good to the greatest number of people. Are there any arguments against Mr. Walker's proposition?

Women yell for knock-outs at Kentucky prize fights. "Thumbs down!"

HIS PROGRAM
What of your boy during his school vacation? Are you going to let him run wild, or insist on a regulated program of work and play? Educators say the ideal boy vacation should consist of a large amount of play diluted with fixed doses of work. Of course, the easier way is to let the boy do as he pleases. The more beneficial way is to make him do, somewhat at least, what you please. An unregulated loafing vacation is worse than none.

Now is the time to argue about black berries being green when they're red.

OVEREATING
Germany lost the war and some other things, including gout and diabetes. Both diseases have become almost unknown in Germany, though once they were common. The reason is that Germans had to give their stomachs such a long rest during the war. We won the war and gained some other things, too, including an increase in diabetes, kidney diseases, artery diseases and other diseases attributed to living too well during the flush years after the armistice.

Some motorists think the "Stop, look and Listen" signs are intended for the trains.

BIBLES
The Bible is still the best-seller among books. Bible printeries run day and night to keep up with the demand. The press-count runs into millions a year. As a popular work the Bible far exceeds in circulation all books of philosophy, moral instruction, pure literature and romance. For it is all these in one. You can't find anything more beautiful among romantic stories than the books of Esther and Ruth. And for snappy philosophy Ecclesiastes shows up our best epigram-makers. Get acquainted with your Bible tonight.

"Paris Woman Has No Stomach"—headline. Only money-saving style they ever invented.

RIGHT-O
"Put friendliness into letters you write to post-office persons," says Will Hays, postmaster-general, in instructions just issued to postmasters. He wants them to cut out the "yours-received-and-contents-noted" kind of letters. Every customer must be addressed like a friend and partner in the business. Business firms learned the value of the kind word long ago. But government, generally, hasn't developed the human quality. Government, like private business, functions best when it works in a friendly, cooperative spirit rather than as the haughty master. Will Hays is setting a good example.

Australia is buying \$3,500,000 in gold to America. Probably railroad fare for some tourist.

WINGS FOR YOU
You may yet see the day when you'll fly with artificial bird-wings, no motor required, says the government's air service. Prizes for man-power flight have been offered in France and Germany. So far, the only man who has made a successful flight with one-plane artificial bird-wings is Gabriel Poulain, Frenchman, who kept off the ground for a distance of 36 feet last August. A year ago, aviation experts believed that flying without a motor would be impossible unless some man of ordinary weight should appear, capable of exerting two or three horse-power. But recent improvements in airplane wings have been startling. The latest doubles the lifting power. That brings you nearer to flying without an engine.

Aviation thus tends back to where it started. For the first wing-flyers—the Wright brothers, Lilienthal, Langley, Chanute and Oder—used gliders. These were machines without motor or propeller. They usually were box kites, resembling a honeycomb. With one of these gliders, Oder in 1896 flew through the air for over 1000 feet. Orville Wright once glided for 15 minutes. The demand was for speed, safety and ease in flying. That brought the engine-airplane, with which the Wrights made their first flight at Kitty Hawk, N. C., Dec. 17, 1903.

The first hot-air balloon ascension was by the Montgolfiers in 1782. They got their idea from watching a wet shirt, drying before a fireplace, elevated like a sail by the heat. The dirigible balloon with propellers and steering apparatus arrived in 1885.

Look at the airplane flying over your head with the ease of a bird, and it seems unbelievable that less than 18 years have passed since America gave the world the airplane. Now there are 88 commercial flying organizations in the United States, carrying passengers. So far, these organizations have carried 115,000 people a total distance of more than 3,000,000 miles, with no accidents or injuries and at an average fare of 75 cents a mile. The thing that is holding back the airplane and preventing its coming into common use is its high transportation cost. That will be solved in time, and the experts say it is not impossible that the solution will come by a bird-wing contrivance that will carry us without engines or balloons—such as was used by the immortal Darius Green of school-recitation fame.

LAZINESS
Are you mentally lazy? When you go to a ball game, do you yell at the umpire, "Aw, put on your glasses"? When someone joins a group, do you say, "Always room for one more"? When you leave a couple, do you say, "Two's company"? If you do, you're lazy. You parrot the thought of someone else, rather than work your own brain.

If wishes were autos, there would be no pedestrians to run over.

EDITORIAL REVIEW
Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

CHIEF JUSTICE TAFT
An almost unanimous American opinion had centered upon William Howard Taft to succeed to the vacant seat of Chief Justice of the United States before his formal choice by President Harding. Interest in the important selection never reached the point of concern because of this foregone conclusion. There was immediate recognition in the former President of the qualities demanded for the exalted office, a pre-eminence that selected him without hesitation and left no second choice.

In the long and conspicuous career of Mr. Taft every element of personal qualification and attainment revolved about the essentially judicial nature of his mentality. He is a judge by instinct as well as training. All of his mental processes revealed the analyses of judicial consideration. Throughout his share of the history-making of a score of years, as executive and administrator in a large public way, this attitude of mind stood out conspicuously. Everything combines to promise for him a career at the head of the Supreme Court honorable to himself and serviceable to his country.

President Harding is said to have sought opinion from advisers as to the ethics of naming a former President to the Supreme Bench, even at its head. Obviously the advice confirmed his own views. In many respects, as we have already pointed out, the office of Chief Justice of the United States is the highest in the world, in a justicial sense, and involves a power greater than that of President, in that the latter enforces the law where the former, by definition and construction, decides what is law. From a former President to Chief Justice is not in descent or derogation, and the presidency of the Supreme Court will round out the honorable career of Mr. Taft to his own gratification and to the satisfaction of the whole country. — St. Paul Pioneer Press

ABOUT THIS TIME O' YEAR

SANTERFIELD

MANDAN NEWS

PHOTOGRAPHS FOR HIGHWAY ASSOCIATION
R. R. Lutz is taking views of scenic spots in the vicinity of Mandan for use by the National Parks Highway Association in publicity matter which will be prepared for distribution throughout the eastern and western states. As soon as a collection has been made R. A. Countryman, director of the Highway association, will select the most desirable ones for publication.

Chautauqua Lecturer Occupies Presbyterian Pulpit Sunday
Upon earnest request of the Presbyterian church congregation and by invitation of Rev. Owen, the Premier Artists who closed the Mandan Chautauqua Saturday night furnished the music for the Sunday services. John E. Aubrey, who lectures on community subjects occupied the pulpit and took as his subject, "The Church's Response to Present Day Problems." Arrangements had been made to take Mr. Aubrey and the artists to New Salem by auto but by leaving the service at twelve o'clock they were able to take No. one which had orders to stop there.

Epworth League Closes Successful Meeting
The Epworth League which has occupied the fair grounds the past week, has had a very successful meeting despite the torrid temperature. Noted lecturers and educators from distant points addressed the members. It is intended to make arrangements next year for accommodating a much larger number, but those in charge are most pleased with the success of this first event of the kind in this district. Sufficient notice had not been given of the children's department but it is planned to give this matter considerable attention next year.

CLOSE OF ENCAMPMENT
The farm boys of Grant, Slope and Morton counties who attended the annual encampment this year pronounced it a great success from every angle. They perfected an organization before breaking camp Saturday and elected officers and directors for the coming year. The main duties of the directors will be to secure additional recruits for next year and to expect to bring several friends to the attendance next year. The attendance may reach several hundred in 1922. After cleaning up their quarters at the Country Club where they spent such a pleasant week the boys passed resolutions thanking the Commercial Club, Town Criers and citizens of Mandan for the banquet movies chautauqua and auto ride which they had enjoyed during the week.

Visiting Mother.
Mr. and Mrs. Walter Higgins who have been visiting for some weeks with Mrs. A. E. Thorberg, the mother of Mrs. Higgins, left on Saturday evening for their new home at Chehalis, Wash.

To Spend Summer.
Miss Nell Dooley who has been teaching during the winter season at Aberdeen, Washington, arrived in Mandan on Saturday to spend several months of summer vacation. Miss Dooley, who found the coast climate not agreeable to her health hopes to recuperate in North Dakota's dry air.

Visiting Friends.
Mrs. J. H. McElligot of Missouri Mont. is visiting with the Hess and Tavis families for part of the summer. Mrs. McElligot will be remembered by Mandan and Bismarck people as Miss Elmer Hess.

Called to Pierre.
Mr. and Mrs. J. A. Sarvis left on No. 4 Sunday evening for Pierre, South Dakota, called by the sudden death of Mr. Sarvis' mother. Mrs. Sarvis died in Portland Sunday, and the remains have been shipped to her old home in South Dakota where the funeral will be held.

Sees Dempsey Fight.
C. B. McAllister who went from here to see the Dempsey-Carpentier fight in Jersey City is visiting his brother and a niece in New York City and will also visit in Niagara Falls before he returns to Mandan.

To Visit Lake Region.
Charles Hughes and little daughter left Friday morning for a summer's visit in the Minnesota lake regions. Mrs. Hughes will visit friends at Fargo also before returning.

For Summer Vacation.
Miss Marie Hagerman who has been attending the University of Washington at Seattle, arrived in Mandan on Friday evening for the summer vacation. Miss Hagerman stopped for a few days en route to a short visit with her brother Edward.

Picnic at School.
Picnics were the order of the day at the State Training school on the 4th of July. The boy students enjoyed a real old-fashioned picnic and a swimming expedition and the girls and most of the officers journeyed on a gaily decorated

Leaves for Thief River Falls.
Willis Kistler formerly of Minneapolis, who has been a guest of Mr. and Mrs. Scott Conyne for a few days left Sunday for Thief River Falls where he is now located.

Attend Celebrations.
Major Welch went to Solon, Attorney A. Heder to Glen Ullin and Attorney Kelch to the Fort Lincoln celebration. All three of these gentlemen being scheduled to deliver 15th of July addresses at the respective places.

Go to Detroit.
Mr. and Mrs. Joseph P. Hess left Monday for Detroit, Minn. where they are planning on a summer vacation at the various lakes of that region. They motored down.

Through Yellowstone.
Mr. and Mrs. O. M. Larson and Virgil left Sunday for a motor trip through Yellowstone Park. They were accompanied as far as Dickinson by Mr. and Mrs. Leigh Smith.

Go to Los Angeles.
Word has been received here of the illness of Miss Gertrude I. Trip at the family home in Los Angeles. Miss Eliza Estrop of Minneapolis has gone to Los Angeles.

Succeeds Miss Dolan.
Miss Helen Gray has taken a position as stenographer in Sullivan, Hanley and Sullivan offices, where she will succeed Miss Helen Dolan of Bismarck, who resigned her position there some days ago.

Motor to Lakes.
Mr. and Mrs. John Tavis of Mandan and Miss Anna Tavis of Glen Ullin, motored to Elizabeth, Minn., where they will join a family party for an outing at the lakes.

AT THE REX
Slam-Bang Jim
Its very name—Slam-Bang Jim—promises snip and snickers. If as much of us believe, the mission of the screen is to entertain then "Slam-Bang Jim" is a missionary to the manner born. For there is enjoyment in every foot of this peppy picture—whose wholesome, pleasant, exhilarating fun with the true comedy touch.

EVERETT TRUE BY CONDO

IT'S A COPY OF THE TRAFFIC REGULATIONS!!!

A GOOD FRIEND
A good friend stands by you when in need. Bismarck people tell how Doan's Kidney Pills have stood the test. Mrs. H. Steinmetz of 113 Second St. endorsed Doan's a year ago and again confirms the story. Could you ask for more convincing testimony?
Some time ago I used a couple of boxes of Doan's Kidney Pills from Lenhart's Drug Store and they cured me of a severe dull aching through the small of my back, says Mrs. Steinmetz. I had been annoyed for some time with a lameness and soreness through my loins and a tired and languid feeling. I got no relief until I used Doan's Kidney Pills. Statement given Dec. 17, 1910.
On June 1, 1910 Mrs. Steinmetz and I cured Doan's Kidney Pills made me some years ago is still permanent. I am so glad to again endorse them and I always recommend Doan's to my friends when I hear them complaining of kidney trouble. 50¢ at all dealers. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

Smile A While by Tom Sims

FROM OUR YORK CORRESPONDENT
By Newspaper Enterprise
York 5, C. July 5.—Mrs. Lillian Whitaker Armstrong, 50, who died at her home at Clover, near here, the other day, left an estate valued at \$10,000 in cash and \$3,000 in real estate. The estate is the result of her savings from the sale of women's aprons and calico dresses, which she made and peddled around the countryside for years.

ANOTHER WOMAN ESCAPES
Mrs. McCumber Avoided a Serious Operation by Taking Lydia E. Pinkham's Vegetable Compound in Time
Georgetown, Ill.—"After" my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me." — Mrs. MARGARET McCUMBER, 27 S. Frazier St., Georgetown, Illinois.
Mrs. McCumber is one of the numerous thousands of women who have been suffering from ailments such as a weak stomach, backache, nervous headaches, bearing-down pains and nervousness, and if every woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would not

By this second summons herein you are directed to appear before me at my office in the city of Bismarck, in Burleigh County, North Dakota, at ten o'clock in the forenoon of the 28th day of July, A. D. 1921, and there to answer the complaint of John Danielson and Helmer Fagstrom doing business under the firm name and style of Helmer Furniture & Upholstering Com-

REGULATION HELD ONLY HIGH RENT REMEDY

BY M. B. HUNT

Washington July 2.—Early relief in present conditions can only come through regulation, according to William J. Spencer, secretary and treasurer of the Building Trades Department of the American Federation of Labor.

No appreciable results may be expected this year, Spencer says, through new construction, first, because even if building operations approached normal they could not begin to provide adequate housing to offset the existing shortage; second, because such building as is done will be at a continued high level of cost and on such buildings a high rental will be necessary to return a "fair and reasonable" rate on the investment.

Held for Sale

One of the biggest factors requiring regulation, Spencer says, is the holding of residence properties out of rent in order to force people who must have homes to purchase them at the present high level of prices. "In almost every city," Spencer says, "some banks and real estate cliques are working hand in glove to force the selling rather than the renting of residence property. This ex-

tends not only to dwellings, but to apartments.

"As 90 per cent of the houses and apartments in the United States were erected at the old level of costs existing before the war, and their sale is now sought on a basis of what it would cost to replace them at present prices, the tremendous profits may be imagined.

Stand on Wages

"Do you expect any appreciable reduction in building costs that will make possible a renewal of building operations?" Spencer was asked. "I can't see where it is going to come," he replied. "Cement is down and lumber is off a little. All other construction items, including brick, are at high levels. As soon as building starts on any sizeable scale, these prices, in my judgment, will advance with possible exception of cement."

"How about wages in their building trades?" Will the break in costs come there? "It will not," Spencer said. "Labor is the cheapest item entering into building costs now. The lumber, brick and material men and also the contractors will have to make the break before labor."

GLAMOUR IS A THIEF

Watch Lest It Distort Your Vision and Steal Your Joy

BY RUTH AGNES ABELING

It had only been three or four years since you received her wedding announcement, and she had been so happy, this friend of yours.

Then just the other day in the paper you read her name and that of her husband with that significant word—"divorce," after them. You sought your own room and there alone, tried to think it out. Perhaps it had all been a mistake, this affair between you and Ralph, perhaps two people simply could not get along together and you had just better hold on to your work, and go on alone.

Surely, if anyone could have gotten on, Jack and Margaret should have, for each was all that the other could have asked. They were good-looking, they had means—they were educated.

There was so much of this divorce business, you thought, so much unhappiness right in your own little set, that you were almost afraid to venture yourself.

But you needn't be! For in marriage, as in everything else, most

of the mistakes we make are the result of refusing to accept true valuations.

Guide Posts

You can be sure that Ralph is the man for you, if before you settled your affection on him you stripped away the glamour. Was he the one, out of a whole roomful of good-looking chaps, whom you instinctively sought without being conscious that his coat fit poorly, his grooming was perfect and his eyes were keen and intelligent? Or did you note those exterior things first and then let your pride influence you?

Does his voice awaken something responsive within you, when he brings neither flowers nor candy?

Is he the man, whose mistakes and blunders you can be gently humorous with? Is he the man whose temper you have patience with and whose oddities are amusing, even endearing?

If he is—marry him and feel quite safe about it for, after all, in the hands of the girl is the bigger part of directing married life in the way it should go, granting that the man really cared in the beginning.

NEW DANCE IS INVENTED

Try It on His Waistcoat

BY RUTH AGNES ABELING

Once more Paris ingeniously has set itself at work and evolved something rather startling in its—ah, shall we be delicate, and call it originality?

Mrs. Henri Letellier, formerly wife of a French journalist, has introduced at Les Arcades, society rendezvous, the Go-To-Sleep dance.

And Mrs. Henri demonstrated it, with Duke Decazes, thus wise—waltz dreamily; eyes closed; hands on masculine shoulders; head pillowed on masculine waistcoat.

All of which prompts the query—why pick out the waistcoat? It would be most natural, it would seem, when the urge to pillow one's head overtakes us, to seek something with a little more pliability and a few less buttons than the waistcoat, as we have it with us. Waistcoats, serving their proper function, are unwieldy considered from a pillow-point of view, and the hair on a feminine head has an entirely unreasonable, but well-developed, affinity for buttons.

Why, may one ask these French originative geniuses, not let each woman provide her escort with a small pillow which could be conveniently attached to his shoulder by means of ribbons which would pass around his neck and under one arm? This would be a vast improvement on the waistcoat, and imagine the art which could vent itself in these fanciful trifles!

Possibilities

One might ask each gentleman who wore the dream cushion to embroider his initials thereon, or make provision for the taking of his finger prints or even the imprint of lips! For the latter the Go-To-Sleep (girl) would have to share the content of her vanity case, to the extent of her lipstick.

But imagine the possibilities of these dance cushions in the years when girl and weight mentally and physically, preclude romantic indulgence!

What a consolation they would be to the women who had grown an excess of chins and who doped at the sixth stair up—but whose heart was yet young!

What a source of mending consolation!

SAVE SOAP

When pieces of toilet soap become too small for regular use they can be utilized in the making of shampoo jelly. Put them in a glass with a small amount of water and they will form a jelly.

PREISE-BECH NUPITALS EVENT OF SUNDAY

Miss Gertrude H. Preise, daughter of Mrs. Bertina Preise of this city, and J. C. Beck of Richmond's Roostery were married at the home of the bride, Sunday morning at 10 o'clock. Miss Minnie Preise, sister of the bride, was bridesmaid and Paul Preise, who has just returned from the University of North Dakota, was the best man. Rev. Smith of the Lutheran church of New Salem officiated.

The bride was charmingly attired in a pale pink tulle gown. She wore a large picture hat to match, and carried a bouquet of pink roses. Mrs. O. H. Preise, the bridesmaid, was attired in yellow organdy.

The wedding ceremony, the wedding breakfast was served to members of the immediate family. Mr. and Mrs. Beck will go to St. Paul, where they will visit Mr. Beck's sister, Mrs. Dick. They will be at home at 200 Ninth street after the first of August.

WOMEN'S COMMUNITY COUNCIL MEETS

The regular meeting of the Woman's Community Council was held at the West Room Saturday afternoon at three o'clock. A report was received from Miss Hutchinson, the school nurse which showed satisfactory gains throughout the county. The total number of school cases receiving medical care between January 1 and June 1 were 289. These figures are, as far as possible, exclusive of children who have always had proper medical care. The doctors and dentists have shown their usual kindness toward helpless cases and have given more than \$125 worth of services free.

Miss Hutchinson also states that the sum of \$246 devoted to medical care of school children has been a wonderful aid and she concludes with, "In deep gratitude I wish it known that the work of the school nurse these 4 1/2 months would have been of little use had it not been for the splendid cooperation of the Woman's Community Council of Bismarck."

The nutrition classes for mothers will be started again at the beginning of September when Miss Hutchinson returns. Recreation for girls was also discussed.

Mrs. Robert Orr who is chairman of the Park Board received the following from the employees of the capital: "We, the Capital Employees, who asked for and received permission from you to plant a small flower bed in memory of Captain Marsh, who bled the wounded and dead from Custer's Massacre back to Bismarck, wish to advise you that the bed is now planted and also all paid for by said employees. We wish also to thank you for granting us the permission to plant this bed and to assure you that we shall do our best to have it always kept up by Capital Employees," signed, The Committee.

Mrs. C. M. Dahl was made an honorary member of the council in recognition of her invaluable services in the establishment of Custer Park and in other civic enterprises.

Sincere regrets were expressed at the death of Mrs. A. S. Hoffman who was an interested member of the Woman's Council.

RETURNS FROM CONVENTION

Rev. C. F. Strutz, pastor of the Evangelical church, has returned from Cavalier, N. D., where he was in charge of the state convention of the Young People's Alliance. He reports a very inspiring and successful meeting, with a large and representative attendance. Rev. Strutz was re-elected president of the organization and Miss Esther Bremer, daughter of Rev. Bremer, was elected as stewardship and missionary secretary. Rev. Strutz said the crop outlook around Cavalier is excellent.

GIVES BIRTHDAY PARTY

Mrs. Wilbur Rohrer entertained twelve little people for her daughter, Virginia who celebrated her seventh birthday on Sunday. Mr. Rohrer took the children to picnic grounds near Elm Grove where they played games and enjoyed the birthday lunch.

GOLF TOURNAMENTS

Mr. and Mrs. E. B. Cox were victors in the men's and women's two-ball foursome at the Country Club Monday afternoon. Mrs. D. B. Register and Sam

Clark were second and Mrs. Clark and Dr. Crew were third. In the morning Sam Clark won the men's nine-hole tournament, with A. S. Bolster and C. S. Haines tied for second and C. W. Nichols and E. B. Cox tied for third.

GRADUATES FROM GEORGIA SCHOOL

Captain Robert H. Neeley of Carson and who is well known around here was among the 58 officers who graduated from the Infantry School at Camp Benning, Georgia. These officers have been students at the Infantry School since last November where they have pursued a scientific course of military art, including all phases of modern warfare.

RETURNS TO LINTON

HERE FROM NEW SALEM

Roy Meyers, cashier of the Union Farmers National Bank of New Salem was in the city today transacting business.

FROM MINNEAPOLIS

Dr. E. L. Reynolds of Minneapolis spent the week end in Bismarck visiting N. Myron and G. B. Allen here.

TO WASHINGTON

Mrs. H. C. Fuderbaugh and two daughters of second street left for Pomeroy, Washington where they will visit for some time.

TO DETROIT LAKES

Mr. O. N. Dunham left this morning for the Detroit Lakes, where he will spend some time.

THIS WEEK'S BEAUTY HELP

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of cantrox, which can be obtained from drug-gists, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.

TO CANADA ON VACATION

D. C. McLean has left for Edmonton, Canada where he will combine business and a vacation.

ON VACATION

Mrs. Jesse Harris left today for a two weeks vacation at Regan.

Enjoy Raspberries the Year 'Round

THE Raspberry season does not last long. But if you take advantage of it while it is here, you can have raspberries summer and winter—and also save 1/3 to 1/2 on your canned fruit.

The season is here now! There are many ways of preserving this delicious fruit. Put up raspberries while they're in season and enjoy them out of season. Home made jams, preserves, and sauce are always popular.

Are you supplied with plenty of Ball Mason jars and rings? They are an important factor in successful canning.
